

# IEA EBC Annex 93 “Energy Resilience of the Buildings in Remote Cold Regions

OCTOBER 15, 2024, AKUREYRI, ICELAND

Dear Colleagues,

It is our pleasure to invite you to participate in the second in-person experts meeting of the project, that has been approved in June 2024 by the IEA EBC Program Executive Committee as Annex 93 “Resilience of Buildings in Remote Cold Regions.” Our project team is comprised of experts from Nordic European countries, Japan, Canada and the United States of America.

During this meeting, participating experts will finalize the text of the Annex 93, develop and discuss the working plan and will assemble mini teams to work on specific actions.

The experts meeting will be hosted by the [Arctic Energy Forum](#) (AEF), that will be conducted between October 14 and 16 in Akureyri Iceland. Having the meeting hosted by AEF provides an opportunity to present and introduce the Annex 93 to the audience. It will also allow for information collection and networking with 200+ participants from the arctic energy sector from around the globe.

Arrangement have been made for the Annex 93 meeting at same facilities as AEF which will be in the conference hall [Hof](#) in Akureyri.

The first session of the meeting will start at 09:00 and last until around 17:00. Annex 93 sessions will be synchronized with AEF lunch and coffee breaks. AEF provides a full schedule for two and a half day with optional pre- and post- conference policy tour. The tours are subject to both number of available seats and minimum number of participants.

Registration will take place through the AEF registration web page [here](#).

During registration, please remember to mark that you are attending the **Annex 93** event.

The registration fee for the AEF & Annex 93 meeting of **350/395 USD**, includes AEF conference, gala dinner, private reception and coffee breaks also, assistance with accommodation and travel logistics.

Looking forward to the productive meeting.
